MARK SCHEME

Maximum Mark: 100

---

**Published**

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge International will not enter into discussions about these mark schemes.

Cambridge International is publishing the mark schemes for the May/June 2019 series for most Cambridge IGCSE™, Cambridge International A and AS Level and Cambridge Pre-U components, and some Cambridge O Level components.

This document consists of **9** printed pages.

**Generic Marking Principles**

These general marking principles must be applied by all examiners when marking candidate answers. They should be applied alongside the specific content of the mark scheme or generic level descriptors for a question. Each question paper and mark scheme will also comply with these marking principles.

**GENERIC MARKING PRINCIPLE 1:**

Marks must be awarded in line with:

- the specific content of the mark scheme or the generic level descriptors for the question
- the specific skills defined in the mark scheme or in the generic level descriptors for the question
- the standard of response required by a candidate as exemplified by the standardisation scripts.

**GENERIC MARKING PRINCIPLE 2:**

Marks awarded are always **whole marks** (not half marks, or other fractions).

**GENERIC MARKING PRINCIPLE 3:**

Marks must be awarded **positively**:

- marks are awarded for correct/valid answers, as defined in the mark scheme. However, credit is given for valid answers which go beyond the scope of the syllabus and mark scheme, referring to your Team Leader as appropriate
- marks are awarded when candidates clearly demonstrate what they know and can do
- marks are not deducted for errors
- marks are not deducted for omissions
- answers should only be judged on the quality of spelling, punctuation and grammar when these features are specifically assessed by the question as indicated by the mark scheme. The meaning, however, should be unambiguous.

**GENERIC MARKING PRINCIPLE 4:**

Rules must be applied consistently e.g. in situations where candidates have not followed instructions or in the application of generic level descriptors.

**GENERIC MARKING PRINCIPLE 5:**

Marks should be awarded using the full range of marks defined in the mark scheme for the question (however; the use of the full mark range may be limited according to the quality of the candidate responses seen).

**GENERIC MARKING PRINCIPLE 6:**

Marks awarded are based solely on the requirements as defined in the mark scheme. Marks should not be awarded with grade thresholds or grade descriptors in mind.

**Section A****Question 1**

Discuss the ways in which the extract from *The Sopranos* constructs meaning through the following:

- camera shots, angles, movement and composition
- sound
- mise-en-scène
- editing.

[50]

Candidates will be assessed on their ability to understand how meaning is constructed in a media text through the analysis of different technical areas.

Marks are awarded for three different criteria:

Explanation/argument/analysis (max 20)

Use of examples (max 20)

Terminology (max 10)

Candidates' work should be judged on each of these criteria, and marks awarded according to the level attained. It should be noted that it is possible for a candidate to achieve a different level for each assessment criterion.

A positive approach to marking is encouraged. Reward alternative valid responses.

Clip details:

*The Sopranos* (Pilot, 1999, dir. Chase)

Clip duration: 4:48

Start point: 01:37

End Point: 06:25

**Specific notes on the sequence – likely areas of coverage****Camera:**

- Isolated protagonist
- Framing in final scene indicates separation from family; wife separated by glass indicating barrier
- Mid shots used extensively
- Framed through legs of statue-issues with women
- Close up of eye
- Bird's eye shot in bed

**Sound:**

- Silence used heavily to show discomfort in scenario
- Foley on scratches and coughs indicating unease
- Diegetic sound used only in psychiatrist's office
- Voiceover – restricted narration – not telling truth/unreliable
- Electronic soundtrack changes mood
- Soundtrack and foley of ducks show surprise and delight
- Irony of "Shame" soundtrack

**Editing:**

- Most screen time on protagonist
- Shot reverse shot, getting closer as scene progresses
- Slow paced cuts in office
- Flashback scene
- Anticipation/tension waiting for ducks
- Cross-cutting between family of ducks and his own family

**Mise-en-scene:**

- Intimidating academic environment of office
- Contrast between formality of office and slovenly appearance at home
- Not dressed indicating unconventional lifestyle
- Luxury lifestyle: pool, grand house – gauche
- Jewellery – gangster lifestyle

**Meaning:**

Dysfunctional family – an unconventional father figure caring more about ducks than own family – he feeds the ducks but wife feeds kids; ignores his own son's birthday to play with ducks; tense relationship with his wife; a suggestion of criminal enterprise; a mid-life crisis.
